University of PhoenixSM

Start earning your Degree Today!

More than just convenient, University of Phoenix offers the most up-to-date and relevant degree programs available. To ensure that our programs provide the skills and expertise that are in high demand, we develop our curriculum based on the current needs of the industry. The curriculum is continually updated to reflect the latest proven concepts, methods and practices. The entire program is organized to foster teamwork, critical thinking, and project management in real time. So while you are learning the concepts and techniques, you are also developing your decision-making, communication, presentation and leadership skills. The exact same skills that lead to success in business and the Military.
